Fasten your seatbelts for an anthology of turbulent tales curated by Stephen King and Bev Vincent. This exciting new anthology, perfect for airport or airplane reading, includes an original introduction and story notes for each story by Stephen King, along with brand new stories from Stephen King and Joe Hill.

About the Book:

Stephen King hates to fly.

Now he and co-editor Bev Vincent would like to share this fear of flying with you.

Welcome to Flight or Fright, an anthology about all the things that can go horribly wrong when you're suspended six miles in the air, hurtling through space at more than 500 mph and sealed up in a metal tube (like a "gulp!" a coffin) with hundreds of strangers. All the ways your trip into the friendly skies can turn into a nightmare, including some we'll bet you've never thought of before... but now you will the next time you walk down the jetway and place your fate in the hands of a total stranger.

Featuring brand new stories by Joe Hill and Stephen King, as well as fourteen classic tales and one poem from the likes of Richard Matheson, Ray Bradbury, Roald Dahl, Dan Simmons, and many others, Flight or Fright is, as King says, "ideal airplane reading, especially on stormy descents... Even if you are safe on the ground, you might want to buckle up nice and tight."

Flight or Fright by Stephen King - goodreads.com FLIGHT OR FRIGHT, edited by Stephen King and Bev Vincent (who also each contributed a story of their own), is an anthology of plane-horror stories. While I would say that most of these stories were above average, the only thing that disappointed me was that I had already read the majority of them before--some of them several times. Stress: Fight or Flight Response - Psychologist World What is the fight or flight response? The flight or flight response, also called the "acute stress response" was first described by Walter Cannon in the 1920s as a theory that animals react to threats with a general discharge of the sympathetic nervous system. The Fight or Flight Response - NeilMD.com This fundamental physiologic response forms the foundation of modern day stress medicine. The "fight or flight response" is our body's primitive, automatic, inborn response that prepares the body to "fight" or "flee" from perceived attack, harm or threat to our survival.
